DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant has amended the instant claims to read that D represents a “trisubstituted” or “tetrasubstituted” double bond. However, it is unclear what “trisubstituted” or “tetrasubstituted” means in this context. The Examiner previously indicated that claim 1 was unclear because of the use of the unnumbered carbon positions. The instant claim amendment does not serve to cure the previously mentioned problem. Further clarification and/or correction is required.

Response to Arguments

3. Applicant’s arguments, see remarks, filed 5/1/2006, with respect to the “at least one compound/mixture of compounds” language and the omission of essential steps have been fully considered and are persuasive. The portion of the 35 USC 112, 2nd paragraph rejection as it pertains to the aforementioned issues has been withdrawn.
4. Applicant’s arguments filed 5/1/2006 have been fully considered but they are not persuasive. See above discussion of 35 USC 112, 2nd paragraph.
5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
